### Attractive Opportunities in the Pipeline Network Market

CAGR

7.6%

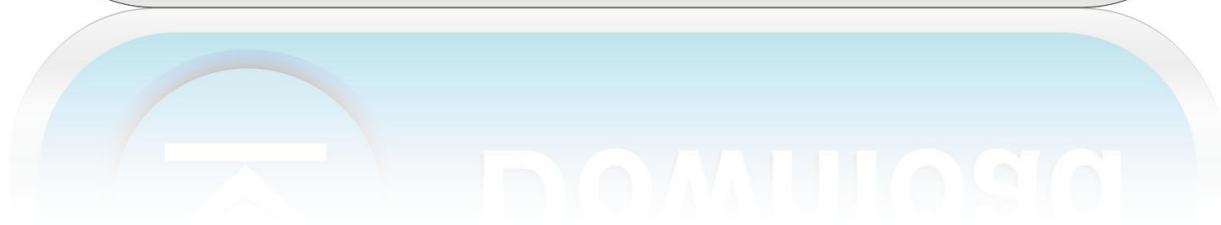

- The pipeline network market is estimated to grow from USD 8.5 billion in 2019 and projected to reach USD 12.3 billion by 2024, at a CAGR of 7.6% during the forecast period.

- The rising demand for oil and gas from developing countries, the growing big data and analytics trends, and the increasing need for maintaining QoE and QoS are the factors driving the growth of the pipeline network market.
